

HAUST NETWORK

L2 EVM-COMPATIBLE NETWORK WITH NATIVE YIELD

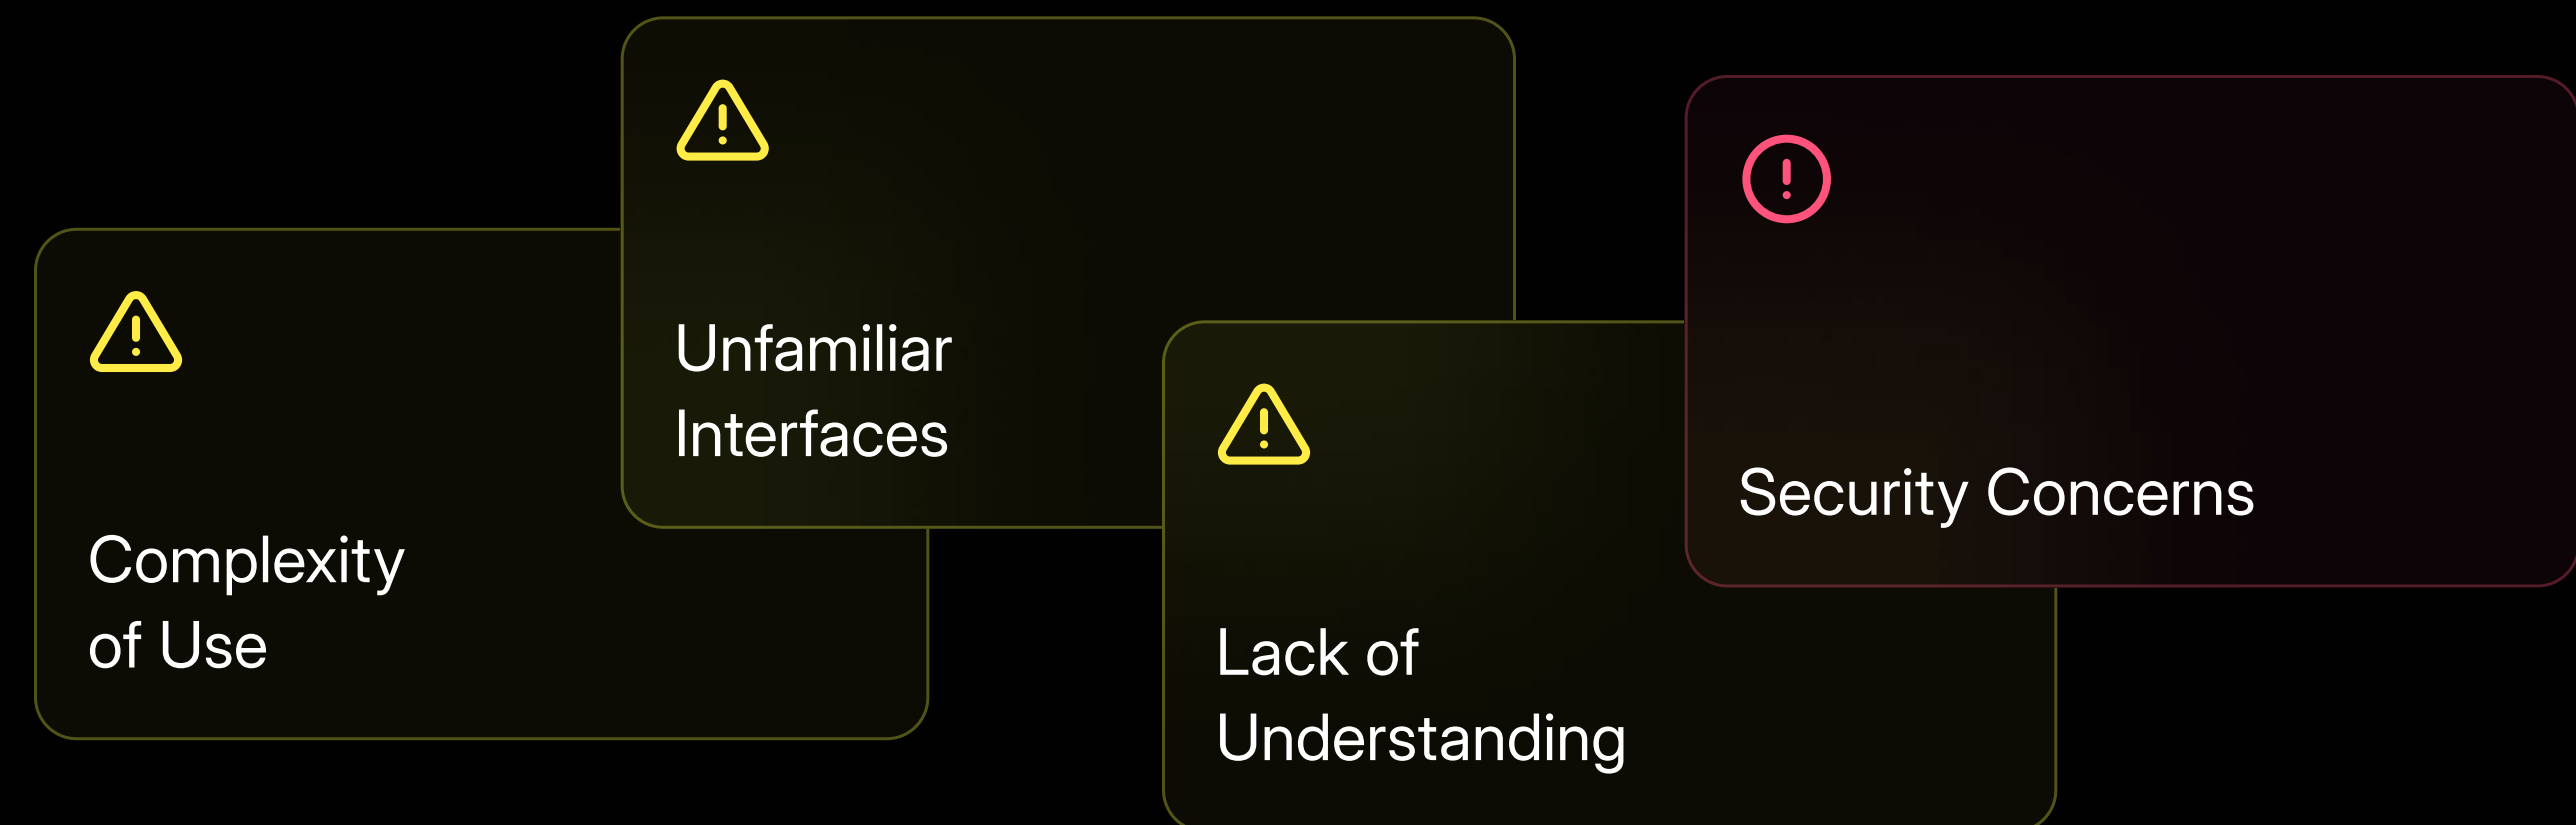

2024

Out of the market

Exclusive DeFi opportunities that remain out of reach for the majority

Despite the incredible opportunities offered by DeFi, many people are unable to participate in these modern crypto-finances. Here are some of the key barriers preventing wider adoption:

Addressing these issues is crucial for making DeFi more accessible to a broader audience, allowing more people to benefit from its innovative financial solutions.

Integrated solutions

zkEVM L2

Layer 2 network, to ensure security, high transaction processing speed and low fees

AggLayer

Aggregation Layer designed to enhance blockchain scalability & interoperability

Account Abstraction

Secure and flexible solution with social recovery options for accounts

Haustoria

Smart contracts to manage the allocation of the user's assets across various yields

Data Availability

Ensuring that data is available and accessible, eliminating malicious activities

Lending

Protocol to earn interest on supplying and borrowing assets within ecosystem

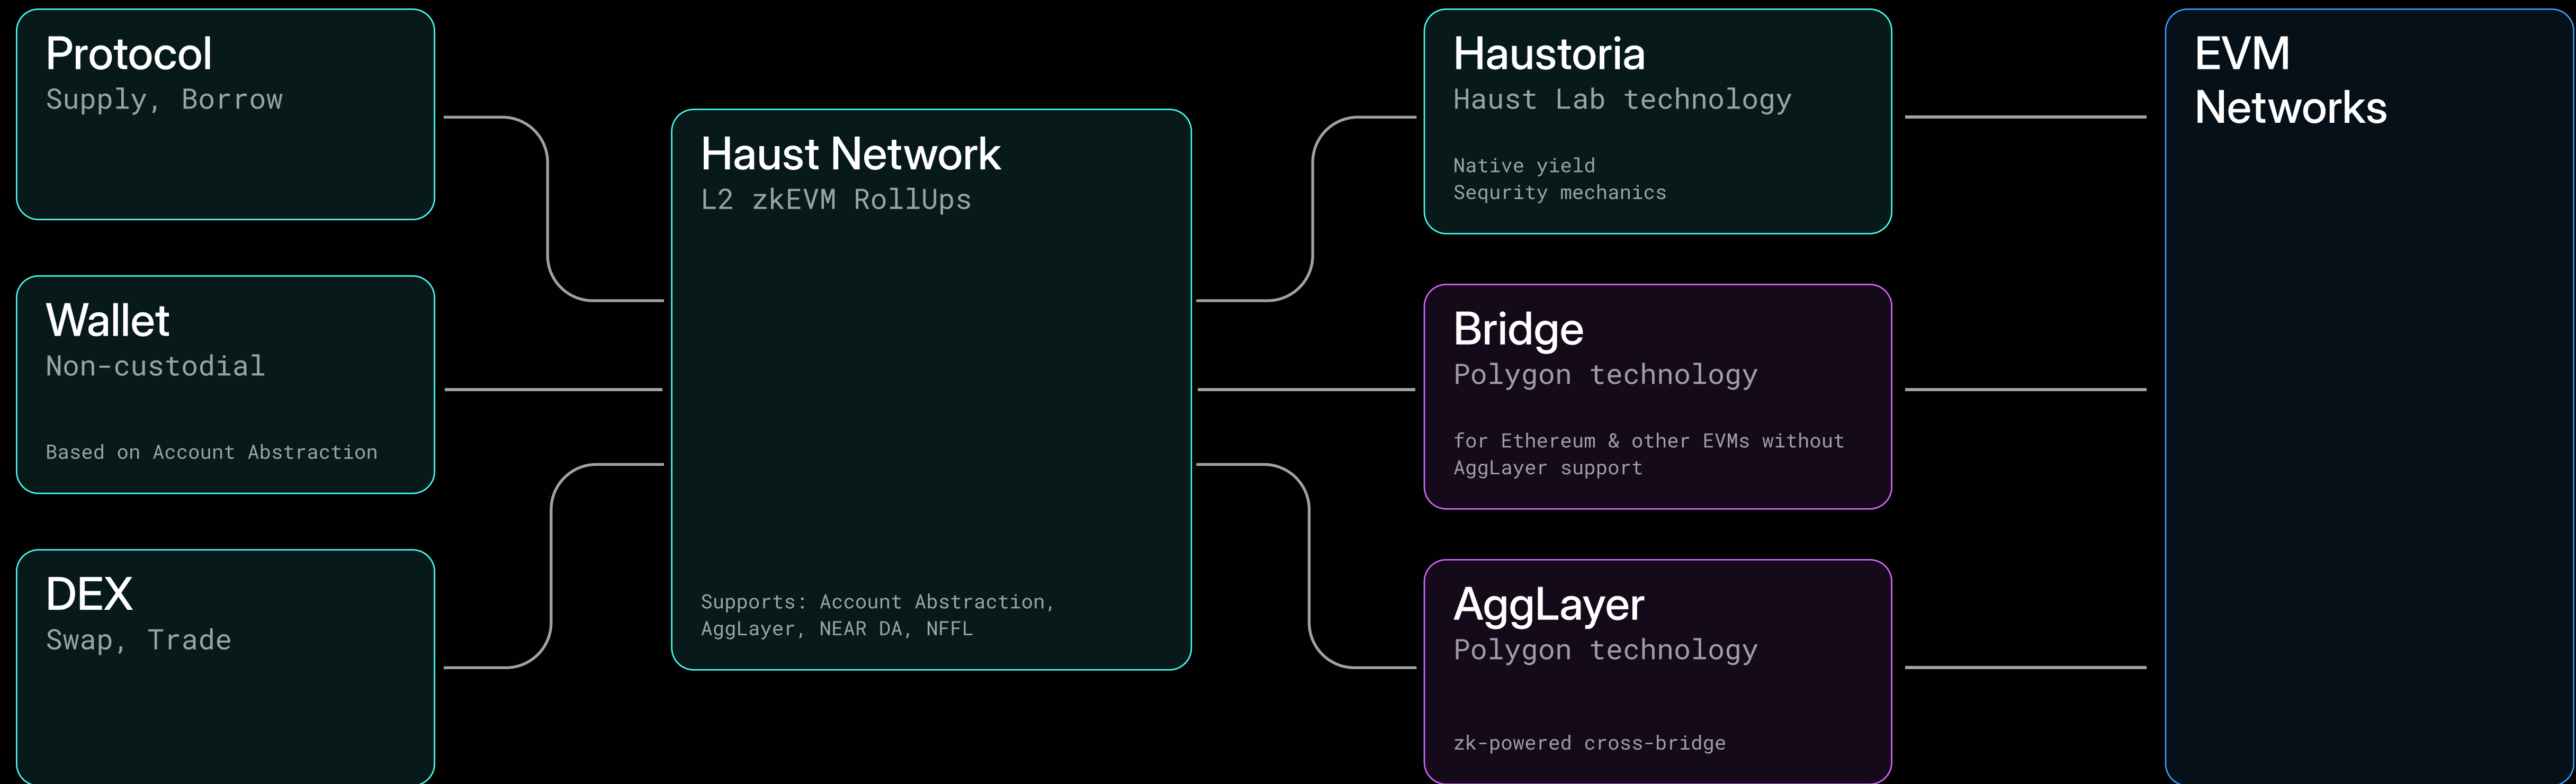

DEX

Peer-to-peer marketplace to simplify trade and exchange tokens within ecosystem

and more...

useful features in intuitive and user-friendly interface

How it works

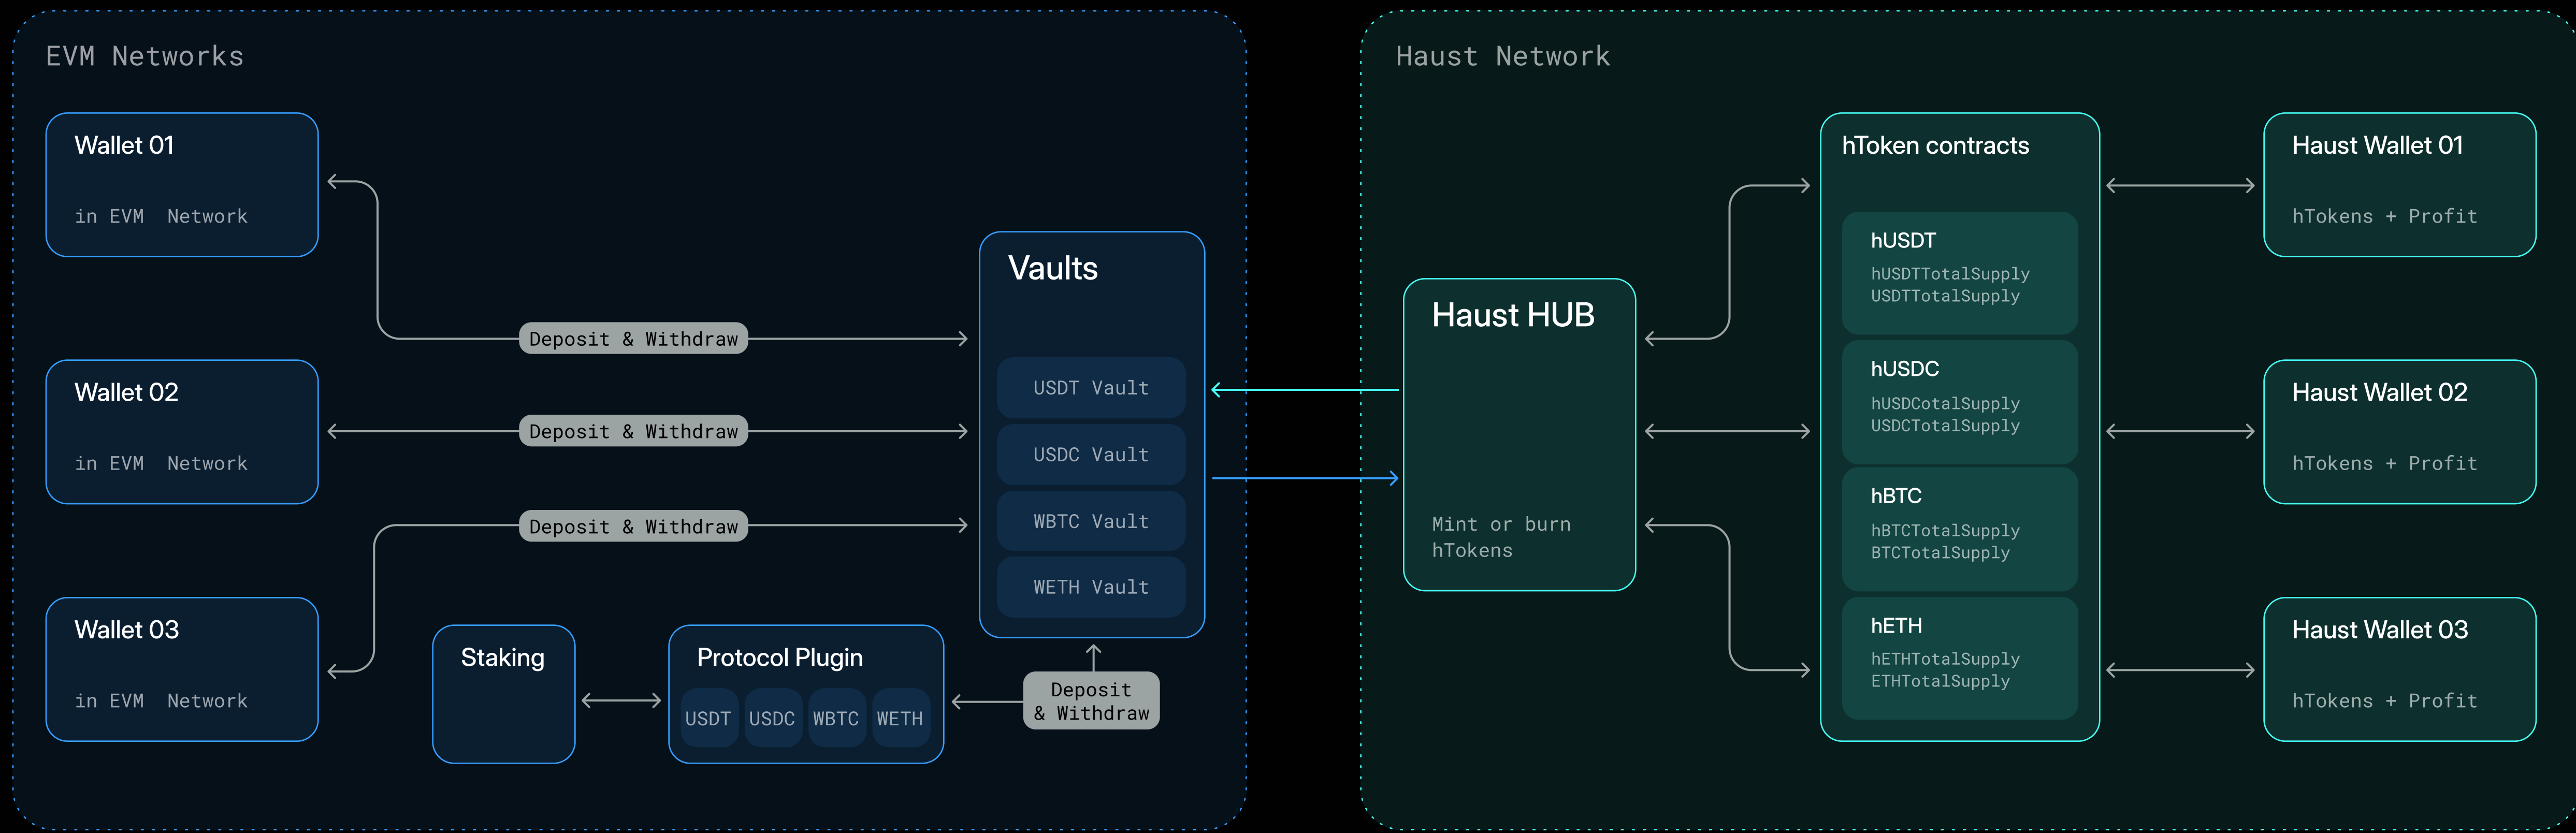

● Haust technologies

● Polygon products

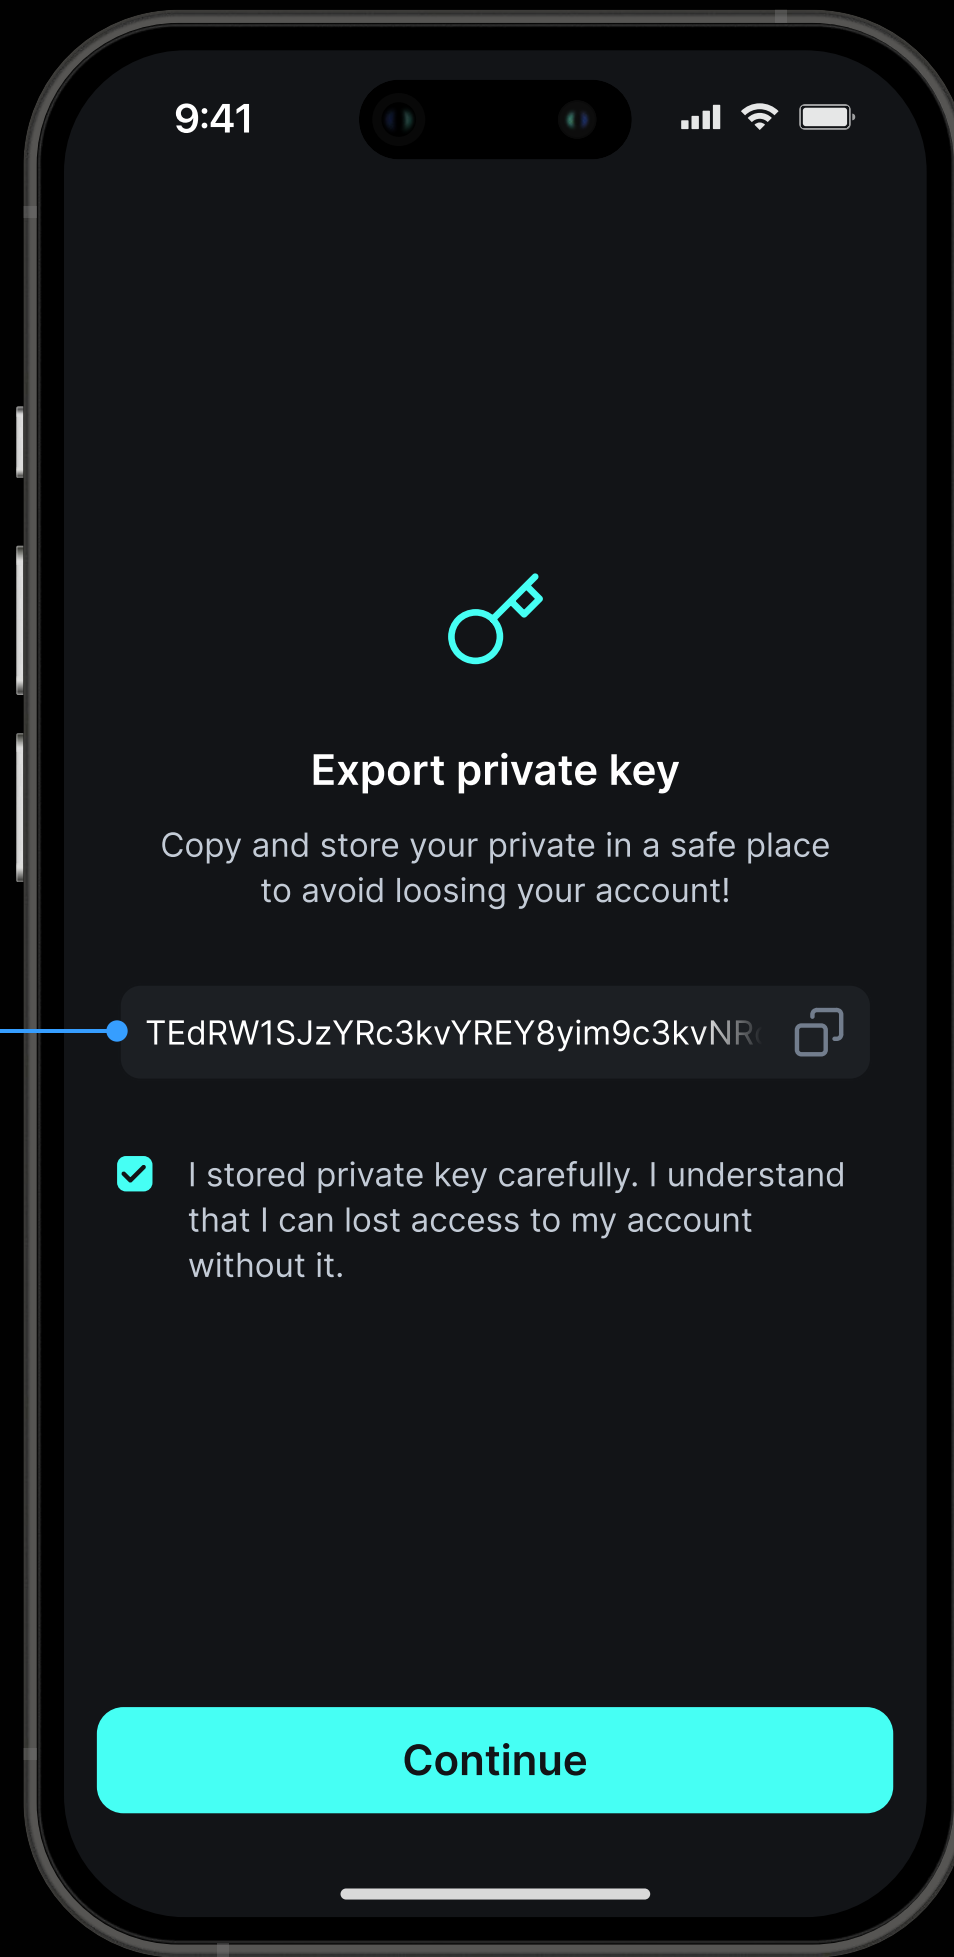

● Other EVM Networks

Haustoria mechanics

Marketing Strategy

Moderate solid buzz
(08.24-11.24)

Main essence: We cultivate a strong community-driven approach with brand awareness marketing tools. We focus on working with mid-sized, long-term KOLs and ambassadors, Social 3 campaigns, and content marketing, while also fueling interest through news of strong partnerships and explosive marketing campaigns.

Expected results: Haust will be well known in local areas + crypto industry will have a good level of awareness about Haust

WE WILL FOCUS MOSTLY BOTH ON THE ENGLISH-SPEAKING AND LOCAL CRYPTO COMMUNITIES IN CIS, TURKEY, AND LATAM REGIONS AND ASIA

~5+

high-quality Tier 1 KOLs involved in info hook spreading

~20

crypto industry leaders onboarded for the role of Haust ambassadors

~50+

high-quality middle-sized KOLs involved in info hook spreading

7m+

direct audience coverage

4m+

non-direct audience coverage thanks to UGC stimulated by KOLs

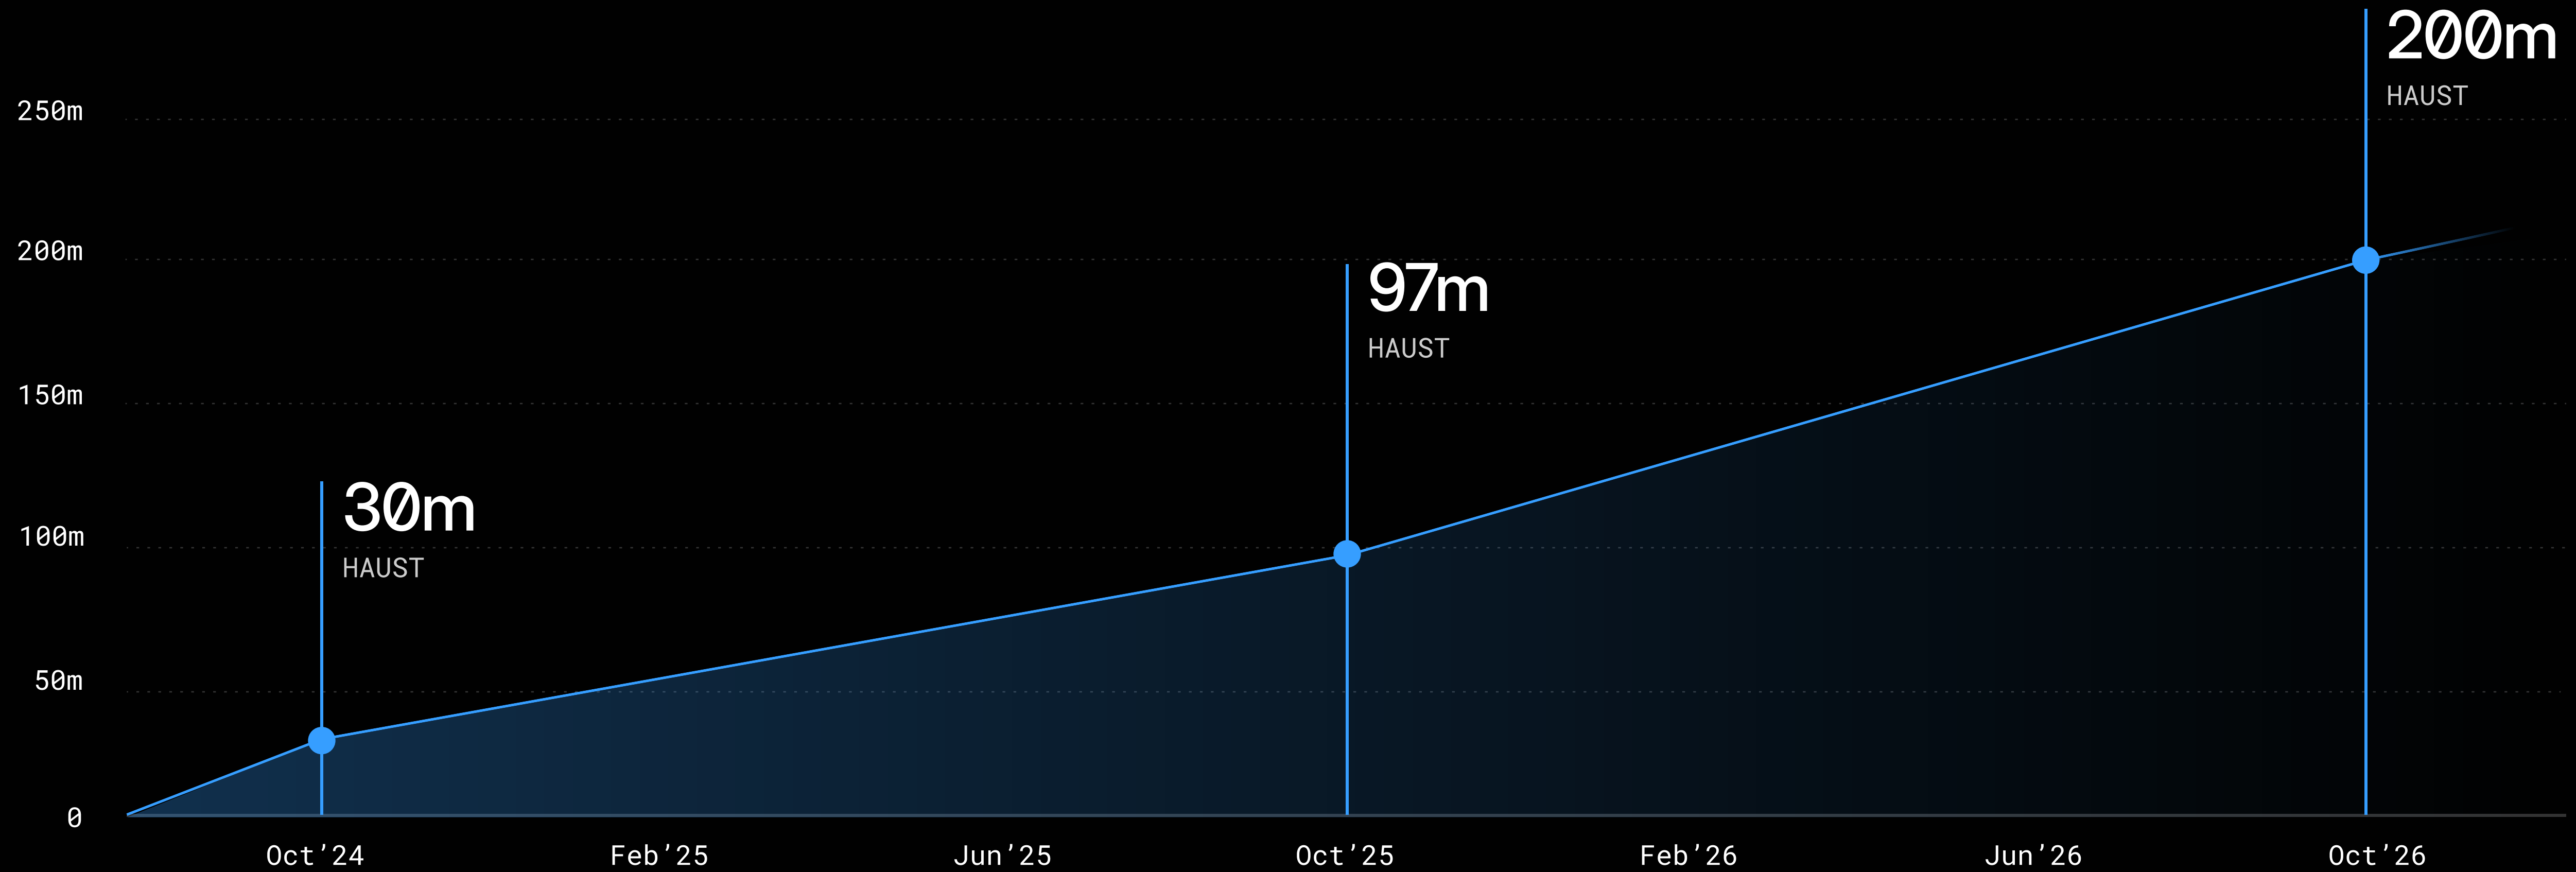

Partnerships

Native token

2% Circulation supply within first two years

10b Haust token maximum supply

Token distribution

Liquidity: 20%, for liquidity on DEXs and CEXs, unlocked as needed

Ecosystem: 25%, for incentivizing developers, users, and partners, distributed through grants and rewards over 5 years

Treasury: 30%, reserve for strategic initiatives and ensuring the protocol's sustainability, unlocked as needed

Loyalty: 10%, for Loyalty Program point holders with a 1-year unlock period

Team 15%, for the core team and advisors, with a 3-year unlock period

20%
LIQUIDITY

25%

Token utility

- Non-subsidized transaction fee
- Deploying smart-contracts
- Listing of external projects
- veHAUST DAO
- Developing by Haust Labs
- Fee for Haust protocols and resources
- Haust Oracles connection fee **SOON**

Roadmap

Q4 '24**Testnet Launch**

- Deployment of the network based on zkEVM
- Integration of Haustoria contracts in Ethereum, Polygon, and BNB Smart Chain blockchains
- Launch of AggLayer for fast asset transfer between networks

Q1 — Q2 '25**Ecosystem Expansion**

- Expansion of Haustoria on other EVM networks
- Development of HAUST Oracles with Gateway.fm
- Launch of the grant program for developers
- Incentivize program for Liquidity Providers

Q4 '25 — Q1 '26**Infrastructure Development**

- Launch of governance through ve-tokens and staking ve-tokens
- Launch of an NFT marketplace for trading gaming and collectible items

Q4 '24**Mainnet Launch**

- Launch Haust protocol and Haust DEX
- Launch Haust Wallet within native iOS, Android apps, Web and Telegram mini app
- Security audits
- Launch of not-airdrop campaign

Q3 — Q4 '25**Market Expansion**

- Native token expansion to different Networks
- Expansion of liquidity pools and listing on DEXs and CEXs
- Global marketing campaign to attract mainstream audience
- Onboarding new tokens

Q2 '26 +**Mass Adoption**

- Full transition to the DAO
- Integration of new innovative technologies

Let's discuss
